Yves Masset, being duly sworn, deposes and states that:

1. I am over the age of eighteen and understand the obligation of making a statement under oath.
2. My name is Yves Masset, and I am a Senior Business Manager at NextEra Energy Resources, LLC and oversee operations for Quinebaug Solar, LLC.
3. I submit this affidavit in support of Quinebaug Solar's (the "Petitioner") Motion for Protective Order in Petition No. 1310A regarding certain confidential construction costs provided in Quinebaug Solar's Final Report as required by Conn. Agencies Regs. § 16-50j-62(c) (the "Confidential Information").
4. The information regarding Petitioner's construction costs is information that Petitioner considers competitively sensitive, confidential information. Petitioner has heretofore used best efforts to maintain the Confidential Information as secret in order to avoid the harm that would result if the information were to become publicly available.
5. Public disclosure of the Confidential Information would allow competitors unfair access to competitive information that could harm Petitioner's place in the competitive market, to the Petitioner's detriment.
6. I have been advised by Petitioner's legal counsel that neither federal nor Connecticut statutes require the confidential portion of this information to be filed in the public record and Conn. Agencies Regs. § 16-50j-62(d) expressly allows project owners to file motion for a protective order pertaining to commercial or financial information related to the site or access to the site.
